WASHINGTON, DC: Today, Glenn Ivey was endorsed by Representative Maxine Waters (CA-43), who noted Ivey's experience on Capitol Hill and record of successfully advocating for increased investment in disadvantaged communities; providing second chance opportunities for formerly incarcerated people; and championing higher education for all. Rep. Waters is Chair of the House Financial Services Committee and the most senior Black woman in Congress, having served since 1991.

### **Representative Waters released the following statement:**

Glenn Ivey is a team player, and strong fighter for the Democratic Party and Democratic values who will meet the challenges we face head on, and ensure that the people of Prince George's County are well-served in Congress.

He has been a tireless advocate, oftentimes representing those who have struggled against corporate and government discrimination. He has been a Congressional Staffer where he defended President Clinton when extreme Republicans tried to take him down and advance a radical agenda. And as an elected State's Attorney for Prince George's County, he worked with President Obama's Justice Department to lower crime and convict police who used excessive force.
